Representation by the ~~rep~~ members of the Bangalore Piece goods Merchants Association regarding certain facilities in connection with the evacuation of merchants from Bangalore city.

1 The members of the above Association who waited on deputation on the Minister for L S G and P H have prayed for the concessions suggested on page 2 of their representation.

✓ It has to be noted in this connection that evacuation from Bangalore City has not been recommended by Govt and those that are leaving the city are doing so on their own responsibility It has therefore to be considered if the exodus referred to should be supported or assisted

3 All the concessions prayed for relate to the levy of octroi by the Municipalities and this is entirely a matter controlled by the said local bodies in accordance with their appd bye-laws The rate and the mode of levy of octroi varies from place to place according to

Though the maximum has been fixed by the Govt local conditions, any general rule if passed by Govt, may affect the interests of the mnl cls

2 The first suggestion of the Assn is to have a uniform rate of octroi duty in all the municipalities and this is obviously not possible as the rate has necessarily to differ from place to place according to local conditions

3 The second suggestion is to fix the duty without requiring the packages to be opened This is perhaps not a difficult procedure to be adopted The local mnl cls may be asked, if necessary to adopt this procedure

The third suggestion relates to the procedure obtaining in the Bangalore City municipality It is prayed that if duty is paid on the articles on their entry into the city, no duty may be levied again when the goods are removed from the municipality and brought in again This also appears to be reasonable though however the Bangalore City mnl cl should be consulted

b The fourth is, that as unpacked packages are not charged with octroi, no duty may be levied on those items when they are sent out and brought back in the course of the exodus of it is done within the end of the current Calendar year. This also appears to be equitable though close checking would be required to prevent smuggling

7 The fifth suggestion relates to certain mofussil municipalities which allow refund when the goods are exported only to specified destinations. The object of such provision is not clear and the concerned municipalities have to be consulted

8 In conclusion, it is submitted, that if evacuation is recognised, Suggestions nos 2 to 5 may be perhaps be conceded after consulting the municipalities concerned Govt have also powers to cancel or modify bye-laws and rules of municipalities, which may be exercised if it becomes necessary in circumstances of this kind.

PEACE OF THE MINISTER F L S G & P H Dat 22 2 43 6744

1343

H.B. Gundappa Gowda Esq., B.A., B.L.,
Minister for Local Self-Government in Mysore,
B a n g a l o r e.

Dear Sir,

You are no doubt aware that due to the scare caused by the approach of the war to the shores of India, many merchants in the supposed danger zone are shifting from one place to another. Many members of The Bangalore Piecegoods Merchants' Association on whose behalf I beg to address this representation to your goodself have also either already shifted or are preparing to shift their goods to places in the interior of the State which they consider safer.

Places where members have already taken or are about to take their goods are Arasikere, Chamarajanagar, Chickjajur, Chikkamagalur, Chintamani, Davangere, Doddaballapur, Doddakurugode, Goribidnur, Hassan, Holenarasipur, Kolar, Kunigal, Mysore, Saligrama, Siddlaghatta, Subramanyapura, Tiptur and Tumkur.

It is estimated that about ten lakhs rupees worth of piecegoods will be involved in this process of evacuation from Bangalore City.

This raises the questions of payment and refund of Octroi Duty both in Bangalore City and in the places mentioned above.

The practice in connection with the levy and refund of Octroi Duty in the various places in the State does not appear to be uniform.

The practice in Bangalore City is that Octroi Duty at the rate of Rs 1- 9- 0 per cent is levied on all piecegoods brought into the City without requiring the bales to be opened and refund at 90 per cent of the Octroi Duty paid is allowed if any of the packages are exported within six months of their being brought in. All packages for the purpose of identification are sealed by the Octroi Office at the time of import

~~Thin~~ The practice in Mysore and in some other places is just the same as in Bangalore with the exception that refund at full rate is allowed if the packages are exported within three months

In Hassan the Municipality charges 2 per cent Octroi Duty.

In Tumkur and some other places the practice seems to be to have all the packages opened out and each piece sealed before the Octroi Office levies the Octroi Duty. Some Municipalities like Tumkur refuse to refund Octroi Duty unless bales brought from Bangalore City are sent back to Bangalore City and not to any other station. This practice is not adopted by Bangalore and other Municipalities.

Not correct
This may be
pointed out
to the Hon
2/5/42

It is prayed by this Association that in view of the enforced exodus of merchants from Bangalore to the various places in the interior of the State for reasons beyond their control the Government may be pleased to consider the desirability of directing the various Municipalities concerned to afford some relief to the merchants both in the levy and refund of Octroi Duty and in the procedure adopted for doing so

Courses of the exports and brought back within the end of the Calendar year

4) On local mill packed packages that are sent and brought back in the course of the evacuation no octroi duty may be levied

5 Refund of octroi duty may be allowed irrespective of destination to which the packages are exported

34) The reports of the local officers on the above representations were called for the M1 towns B & M, the President M & M and the Secs of all DPCs except Hosa Mysore and Kolar Gold Submitted their Views in the matter

36) Regarding representation no 1, notifications were issued in this office on 22-5-42 that octroi duty at Rs 1-9-0 per cent advalorem on piece goods may be fixed in all the town municipalities The by-towns of DPCs and M1 town B & M and the Pdt M & M have reported that this rate is in force in the several municipalities

Flag A

36) As to the representation that no 2 that octroi duty should be accepted without requiring the packages to be opened, none of the by towns considered that if this concession may lead to smuggling of goods and they should be supervised further as has been

Representation of the Bangalore Piece Goods Merchants Association

laid down in Rule 15-2(1) of the M & H that all clothes imported into the Town and Municipalities should be stamped so as to avoid of their being identified. In view of this provision, there is perhaps no need to extend this concession prayed for by the Association and it is, if extended liable to be misused

B

37) With regard to the representations nos 3 and 4 which relate to the Bangalore City Municipality, the report of the Municipal Commr is not complete. The concessions referred to therein were prayed for the year (Calendar) 1942 when the Association was contemplating exodus of merchants, only Bangalore & it is for consideration if these points need to be pursued even now and the M.I Govt requested to furnish the views of the M.I Govt

Nos does not arise now

38) Regarding Refund of octroi duty to be allowed irrespective of destination (referred to in nos 8) I/and refer to my minutes to Rule 15 2 wherein provision has been made for the refund of Octroi duty on articles removed from one Municipality to another within a period of 3 months. The President, Tumkur Town Municipal Council has stated that refunds by the Sales Tax Dept are being made strictly in conformity with Rule 15 2 of the Municipal Accounts Manual and the allegations made

C

Flag B

In this connection I beg to respectfully make the following suggestions:-

1. A uniform levy of Rs 1- 9- 0 per cent should be levied by all Municipalities.

2. Octroi Duty should be accepted without requiring the packages to be opened wherever the practice of opening the packages and marking each piece obtains.

3. In Bangalore City if the packages on which Octroi was paid within the last six months are exported Octroi Duty is refunded at 90 per cent. But in the case of packages on which Octroi Duty was paid over six months ago no refund is allowed. If such packages are sent out during this exodus and again brought in we pray that in such cases no fresh Octroi Duty be levied in case they are brought back say within the end of the current calendar year.

4. On the local mill packed packages no Octroi Duty is of course leviable in Bangalore City. When such packages are sent out during this exodus no Octroi Duty should be charged if they are brought back to Bangalore City within the end of the current calendar year.

5. Refund of Octroi Duty should be allowed irrespective of the destination to which the packages are exported and should not be limited to the places from which they originally came as is done in Tumkur, for instance.

The members of this Association will feel grateful if your Government is pleased to kindly give this representation their favourable consideration.

Yours faithfully,

(Ramnarayan Chellaram, B.A.)
President.

P R. 448/41-42 dated 30-5-42 forwarding letter No. L 11181/M1 151-41-3 dated 22-5-42 from the Law Secretary to Govt in the matter of the represenation and suggestions made by the Piece Goods Merchants' Association, Bangalore to the Minister for Local Self Govt and Public Health,

I have the honor to state that the allegations made by the Association regarding the practice prevailing in this Municipality in the matter of levy and refund of Octroi duty are quite misconceived and unfounded, In fact, this matter was also discussed with the Local Self Government Minister on the morning of 19-5-1942 when he was pleased to meet the members of this council

It is not clear how the President of the Piece Goods Merchants' Association who has already carried on correspondence with this office in the matter and has been furnished all the information required by him, could have made this representation about the Tumkur Town Municipality with any sense of responsibility He has been informed that the practice in regard to levy and refund of octroi duty on piece goods in this Municipality is the one prescribed by Rule 152 of the Municipal Accounts Manual It has to be noted that the said rule is very clear in the matter and must govern the procedure as long as it is in force. This Municipality has already submitted a proposal for introducing new octroi By-laws for sanction of Government But unless and until Rule 152 of the Municipal Account Manual is replaced or modified, this Municipality cannot make an exception in favour of the Bangalore Piece Goods Merchants' Association in the absence of an order of Government to that effect.

Suggestions numbered 2,3 and 4 in the said Representation do not commend themselves to this Municipality. It is for Government to issue such directions as they think fit in ~~the~~ case they consider modifications necessary

I emphatically repudiate the irresponsible allegations made by the Piece Goods Merchants' Association, Bangalore Such a practice does not prevail here now nor ever did

Re Views of the Municipal Councils on the suggestions of the representations of the Members of the Bangalore Piece-Goods Merchant's Association, in regard to certain facilities etc ,

---

With reference to your letter No L 1170-80/M1 151-413 dated 22nd May 1942, on the above subject, I have the honour to forward herewith copies of the resolutions of the Municipal Councils in the matter and to state as follows -

A uniform levy of octroi duty of Rs 1-9-0 per cent ad valorem is being levied on goods imported within the limits of the town and minor municipalities of this District

With regard to the acceptance of octroi without requiring the packages opened wherever the practice of opening is in vogue and making each piece obtains etc ,the President Town Municipal Council, Tumkur, states that the suggestions numbers 2,3,4 and 5 of the Association are those outside thescope of the authority vested in the Council under the Town Municipalities Act of 1933 and the by-laws and Rules framed by this Municipality and sanctioned by Government and as such these will have to be considered separately But however there is no intention to cause any harassment to dealers

With regard to the refund of octroi duty irrespective of the destination to which the packages are exported and non limiting to the places from which they originally came (as is done in Tumkur) I am of opinion that the procedure followed in the Bangalore City Municipality may be followed with due modifications to the provisions under the Town and Minor Municipalities Act of 1933

****

With reference to your letter No.L.11170-80/M.L.151-41-4 dated 22/5/1942, on the above subject, I have the honour to state that the opinions of the several Town and Minor Municipal Councils in the District were called for in the matter, and the copies of the resolutions passed by them are enclosed for favour of reference.

2. Regarding the several suggestions made by the Merchants Association, item Nos. 3 and 4 pertain only to Bangalore City Municipality. Hence the opinions of other Municipalities in the District on these points have not been obtained. As regards item No.1, a uniform levy of Octroi at Rs 1-9-0 per cent on the advalorem value of the goods imported is in force now in all the minor and Town Municipalities in this District. The question of any amendment in this respect does not therefore arise.

3. Regarding the second point viz. accepting the Octroi Duty without requiring the packages to be opened and marking each piece of cloth, the opinion of the Municipal Councils in the District is divided. The Municipal Councils of Kankanhally, Doddaballapur, Devanahally, Closepet, and Yelahanka are of opinion that it is essential to open the packages and verify each piece of cloth for purposes of Octroi Collection. The remaining Municipal Councils, excepting Channapatna, have signified their willingness to adopt the suggestion made by the Merchants' Association. The Amildar-President of Channapatna Muni-

p t o.

(Continued)

Municipality has not furnished any definite opinion on this pc far a s the Town and Minor Municipalities are concerned, the existin practice of requiring each package or bundle to be opened in all the Municipalities seems to be desirable so that the several pieces contained in the bundle could be stamped with the Octroi payment seal to prevent smuggling and to help the identification. Moreover, in mo of these Municipalities, the instances of wholesale trading in cloth bundles or packages are few and far between. The existing practice in this behal may therefore be ordered to be continued in the Town and Minor Municip Councils.

4. Regarding the 5th point, viz., refund of Octroi Duty on goo irrespective of the destination to which packages are exported without limiting it to the places from which they were originally imported, the provisions of Rule 152 of M.A.M. are clear. It defines the procedure to be adopted in the other Municipalities of the State excepting the two City Municipalities of Bangalore and Mysore. Rules No. 20, 21 and 22 of Chapter III of the Taxation Rules in the Minor Municipalities are similar to the above rule. The restriction of export to their original places of import to claim refund of Octroi has not been imposed now as per the above provisions. The only conditions are - firstly, refunds can be allowed only within a period of 3 months from the date of import and secondly, that no refunds are allowed in respect of Octroi of less than a rupee. It is also laid down that the question of refund of Octroi doe not arise on any articles, excepting cloth in these Municipalities. Hence no amendment of Rules in this behalf seems called for.

5. Only the Municipal Council of Doddaballapur opines that 90% of the Octroi collected may be refunded to the importers provided the goods exported are to the place of their original import. This is not warranted by the standing orders and rules on the subject. The attention of the Amildar-President of this Municipality will be drawn to the provisions of Rule 152 of M.A.M. Part II, in this respect.

Regarding representation of the Members of the Bangalore Piece-Goods Merchants' Association for certain facilities regarding the levy of Octroi on piece-goods in the Town and Minor Municipalities

&&&&&&

In continuation of this office letter of even number dated 12th September 1942 on the above subject, I have the honour to forward herewith, the copies of resolutions passed by the several Municipal Councils in this District and to state that the levy of octroi duty on piece-goods is uniform in all the Municipalities in this District, the rate being Rs 1-9-0 percent advoloram, Chickmagalur and Tarikere are the two Town Municipalities where the import of piece-goods is on a large scale The Tarikere Municipal Council have agreed to grant the concessions prayed for, temporarily in respect of the evacuees only It is reported by the President, Municipal Council, Chickmagalur that octroi duty is being accepted without opening the bales, if they are deposited under Municipal supervision and the same will be opened for inspection, whenever the bales are removed from the place of deposit for purposes of selling them in the limits of the Municipality

As regards the refund of octroi duty, there is provision in the bye-laws of the Municipality to grant refund in the case of goods which are exported within three months of the date of their import and where the octroi duty levied is more than one rupee The present procedure of

procedure of levying the octroi after opening the packages seems to be convenient in the other Municipaditiea, as the goods imported are not considerable

With reference to your letter No L 11170-80 Ml 151-41-4 dated 22nd May 1942 on the above subject, I have the honour to state as follows -

1 As regards the acceptance of octroi duty without requiring the packages to be opened, the Town Municipal Council, Davangere has agreed that this may be done The other Municipal Councils are generally not agreeable to this on the ground that this gives lot of scope for smuggling of goods

2 Suggestions Nos 3 and 4 of the Piece Goods Association, refer only to the Bangalore City Municipality and no opinion has been furnished on these items But as regards the period of allowing refund, in the case of minor Municipalities, under Rule 20 page 6 of the Taxation Rules refund shall not be granted except when goods are exported within three months of the date of their importation to the Town In case of Town Municipalities the discretion prescribing the period of refund is vested with them under Section 48(k) of the Town Municipalities Act But this period is generally limited to 3 months in all the 9 Municipalities possibly on the direction given in rule 152(2) of M A M

3 As regards item No 5 there is no provision for the -

Municipal Councils to restrict the export to the same place from which the goods were imported

4 In conclusion I am to state that the councils have ample discretion (rule 7 Chapter II of Taxation Rules and Section 83 of Town Municipalities Act of 1933) to ask the importer of dutiable goods either to pay octroi on packages or to ask him to break bulk Regarding the refund of octroi duty the period of 3 months for minor Municipalities within which refund may be allowed appears very reasonable and does not call for any change Even in case of the Town Municipalities ✗ in this District, the existing bye-laws provide a period of 3 months within which refund can be allowed

I am therefore of opinion that the existing rules do not require any change

Council resolution

If such packages are sent out during this exodus and again brought in, we pray that in such cases, no fresh octroi duty be levied in case they are brought back say within the end of the current calender year	of this Committee desirable to be continued The Committee is not in favor of the suggestion No 3 made by the said Association	APPROVED
4 On the Local Mill packed packages no octroi duty is of course leviable in Bangalore City When such packages are sent out during this exodus no octroi duty should be charged if they are brought back to Bangalore City, within the end of the current calender year	If, owing to the present peculiar conditions any concession is to be given refund on a sliding scale may be given up to one year When it is clear that the entry into and reexport after three months was due to circumstances created by the war The present practice has been not to collect any octroi on local mill packages when such packages are sent out The octroi will be collected if they are brought back to the City for purposes of local sale and not if they are returned to the Mills	APPROVED
5 Refund of octroi duty should be allowed irrespective of the destination to which the packages are exported and should not be limited to the places from which they originally came as is done in Tumkur for instance	The existing practice is in conformity with the suggestion	APPROVED

Octroi Sub Committee Resolution No 3 dated 15-7-1942 with office note furnishing their opinion in the matter of levy of Octroi duty on goods imported by the Bangalore Piecegoods Association The opinion of the Municipal Council on the several representations contained therein, has been called for by the Secretary to Government Law Department, in his letter No L 11170-80/M1-151-41-4 dated 22-5-1942

===

Representation	Committee's Pesolution	Office Note	Council Resolution
1 A uniform levy of Rs 1-9-0 percent should be levied by all Municipalities	The levy in this Municipality is Re 1-9-0 percent on cloth and therefore it is uniform A uniform rate may be levied by Govt, throughout the State	--	Approved
2 Octroi Duty should be accepted without requiring the packages to be opened wherever the practice of opening the packages and making each piece - obtains	The Committee feels that the choice should be left to the concerned authorities to open the packages if there should be any doubt or suspicion regarding the contents	This is not correct It is only with a view to the appraisement of the value of the goods, the invoice is produced and it is not said anywhere that by the production of invoice the bale should not be opened Power to inspect or search, is given by Section 88 (2) of the Act Under Bye-law 7 page 64, the Officer in charge of octroi Koti may examine the goods for levying octroi There has been considerable instance of malpractice in this city itself and it is considered desirable that as often as may be necessary and of course when ever there is the least suspicion the goods be inspected	Office note approved
3 In Bangalore City if the packages on which Octroi was paid within the last six months are exported, Octroi duty is refunded at 90% But in the case of packages on - which octroi duty was paid over six months ago no refund is allowed	The present practice in Mysore City Municipal Council has been to grant refund on piecegoods re-exported within three months from the date of payment of octroi without breaking bulk The present system and the existing law is in the opinion	Under Bye-law No 24 page 7-1- 71-72 of the printed Bye-laws, refund is granted at the rates originally charged at the time of import on piecegoods (time allowed within three months from the date on which octroi was levied)

Sir,

I am directed to forward herewith a copy of the representation received from the members of the Bangalore Piece - Goods Merchants Association for certain facilities and to request you to furnish the views of Municipal Council on the several points, except the varying rates of octroi duty, on which question separate orders are under issue.

2. The favour of a very early reply is requested.

I have the honour to be,
Sir,
Your most obedient servant,

Secretary to Government,

K.M.R.12.

Representation from the Piece Goods Merchants' Association, Bangalore, to the Minister for Local Self Government and Public Health, in Bangalore.

You are no doubt aware that due to the scare caused by the approach of the war to the shores of India, many merchants in the supposed danger zone are shifting from one place to another. Many members of the Bangalore Piecegoods Merchants' Association on whose behalf I beg to address this representation to your goodself have also either already shifted or are preparing to shift their goods to places in the interior of the State which they consider safer.

Places where members have already taken or are about to take their goods are Arsikere, Channarajapatna, Chickballapur, Chintamani, Chickmagalur, Davangere, Doddaballapur, Doddakurgode, Goribidnur, Hassan, Holenarasipur, Kolar, Kunigal, Mysore, Nelligrama, Siddlaghatta, Subramanyapura, Tiptur and Tumkur.

It is estimated that about ten lakhs rupees worth of piecegoods will be involved in this process of evacuation from Bangalore City.

This raises the questions of payment and refund of Octroi duty both in Bangalore City and in the places mentioned above.

The practice in connection with the levy and refund of Octroi duty in the various places in the State does not appear to be uniform.

The practice in Bangalore City is that Octroi duty at the rate of Rs.1-4-0 per cent is levied on all piecegoods brought into the City without requiring the bales to be opened and refund at 90 per cent of the Octroi duty paid is allowed if any of the packages are exported within six months of their being brought in. All packages for the purpose of identification are sealed by the Octroi Office at the time of import.

The practice in Mysore and in some other places is just the same as in Bangalore with the exception that refund at full rate is allowed if the packages are exported within three months.

In Hassan the Municipality charges 2 per cent Octroi duty.

In Tumkur and some other places the practice seems to be to have all the packages opened out and each piece sealed before the Octroi Office levies the Octroi duty. Some Municipalities like Tumkur refuse to refund Octroi duty unless taken brought from Bangalore City are sent back to Bangalore City and not to any other station. This practice is not adopted by Bangalore and other Municipalities.

It is prayed by this Association that in view of the enforced exodus of merchants from Bangalore to the various places in the interior of the State for reasons beyond their control the Government may be pleased to consider the desirability of directing the various Municipalities concerned to afford some relief to the merchants both in the levy and refund of Octroi duty and in the procedure adopted for doing so.

In this connection I beg to respectfully make the following suggestions:-

1) A uniform levy of 0.1-0-0 per cent should be levied by all Municipalities.

2) Octroi Duty should be accepted without requiring the packages sent to be opened wherever the practice of opening the packages and taking each piece obtains.

3) In Bangalore City if the packages on which Octroi was paid within the last six months are exported Octroi duty is refunded at 50 per cent. But in the case of packages on which Octroi duty was paid over six months ago no refund is allowed. If such packages are sent out during this exodus and again brought in ~~xxxxxx~~ we pray that in such cases no fresh Octroi duty be levied in case they are brought back any within the end of the current calendar year.

4) On the local mill packed packages no Octroi Duty is of course leviable in Bangalore City. When such packages are sent out during this exodus no Octroi duty should be charged if they are brought back to Bangalore City within the end of the current calendar year.

5) Refund of Octroi duty should be allowed irrespective of the destination to which the packages are exported and should not be limited to the places from which they originally came as is done in Tumkur, for instance.

The members of this Association will feel grateful if your Government is pleased to kindly give this representation their favourable consideration.

To

The President,
Bangalore Piece Goods Merchants' Association, Bangalore

Dear Sir,

I am directed to invite reference to the deputation of certain members of your Association before the Minister for Local Self Government and Public Health on 30th April 1942 regarding certain facilities in connection with the evacuation of merchants from Bangalore City then apprehended and to state that the several representations made at the time have been examined by Government in consultation with the Municipal Councils in the State and with reference to the rules under the Municipal Accounts Manual and the Standing Orders ~~etc.~~

The following replies are communicated to you

(a) The first point relates to the levy of a uniform rate of octroi duty on piece goods. Instructions have been issued in this behalf to the several municipal councils in the State to levy the said duty at Rs 1-9-0 per cent advalorem

(b) The second question is with regard to the acceptance of octroi duty without requiring the packages to be opened Rule 152(1) of Municipal Accounts Manual lays down that all cloths should be stamped so as to admit of their being identified The Municipal Councils who were consulted have expressed the opinion that if this procedure now proposed is adopted, it would lead to smuggling of goods especially in smaller

P T O

smaller municipalities Government accept this views The existing procedure will accordingly be allowed to continue

(c) The third representation pertains ~~requests to the~~ to the request for the refund of Octroi duty on articles re-exported under certain circumstances Definite provisions ~~have been made by Government~~ are contained in this behalf in rule 152 of the Municipal Accounts Manual for the guidance of all Municipal Councils in the State According to this, the refund of duty is admissible irrespective of destination, if such articles are removed from one municipality to another within a period of three months

(d) With regard to the representation that (a) the articles on which Octroi duty has been paid in the Bangalore City Municipality and sent out to the places in the State during exodus and then brought back before the close of the calendar year 1942 and (b) the local mill packed packages (on which no duty is imposed) which are sent out and are brought back by the merchants into the City limits may be exempted from the levy of octroi duty, no action is called for, as the year has closed and the conditions due to which these representations were made have also changed

Yours faithfully,

in consultation with the Municipal Councils in the State. The question regarding the levy of octroi duty on the said goods + instructions have been issued to the Municipal Councils to levy the said duty at Rs 1-9-0 per cent ad valorem

With regard to the acceptance of octroi duty without requiring the packages to be opened, the Municipal Councils consulted have expressed that if the procedure as proposed is adopted, it would lead to smuggling of goods in smaller municipalities especially as the Government accepts the existing procedure in accordance with the rules. The representations pertains to the refund of octroi duty on articles re-exported under certain circumstances. Refunds have been made by Government in accordance with the provisions in Rule 15-2 of the Municipal Accounts Manual for the guidance of all Municipal Councils in the State. According to which refund of duty is admissible irrespective of destination, if such articles were removed from one municipality to another within a period of three months

With regard to the representation that octroi duty in the Bangalore City may be arranged to be refunded (a) exempted, the articles on which octroi duty

has been found in the Bangalore city thrifty and sent out to other places in the State during exodus and then brought back before the close ~~within the end~~ of the calendar year 1942, and (b) the local mill packed packages (on which no duty is imposed) which are sent out and are brought back by the merchants into the Bangalore city limits ~~within the end of the year 1942~~, may be exempted from the levy of octroi duty, no action is called for, as the year has closed and the conditions due to which these representations were made have also changed
